COMPANY D MAY BE SENT TO THE FRONT

Orders Sending Them to Mexican Border Would Not Cause Surprise.

THE BOYS ARE ANXIOUS TO GO

Major Farnsworth Asked Captain Kidd How Soon Company Can Be Recruited Up to Full War Strength. Preliminary Inspection Last Night.

That Company D is liable to be one of the first militia organizations called out to Mexican border was indicated yesterday when Captain A. E. Kidd received an order from the War Department. The order gives out a new method of recruiting in time of hostility and places the rendevous for the mobilization of troops at Mt. Gretna.

The present minimum enrollment in time of peace is 58, the number which Company D now has. The order reads that in case the militia is ordered to the front, the Captain and his company will proceed direct to Mt. Gretna. One lieutenant and a private will be left at Connellsville to recruit the company up to the minimum in time of war, 108. This is a new innovation and is regarded as significant by the local officials.

At Blairsville Wednesday night, Major Farnsworth asked the captain there how long it would require him to recruit his company to 108 experienced men and have them mobilized on a train ready for Mexico. The Blairsville captain placed the time at 48 hours.

According to the new order, the equipment for 58 men is to be ready at short notice and immediately upon receiving orders. It will be shipped to Mt. Gretna. The War Department will forward equipment to Mt. Gretna for the extra 50 men. The recruits are to be sent on to Mt. Gretna as soon as they enlist. Formerly the plan has been to get recruits without any organized system and the recruiting responsibility has rested on the shoulders of the captain of the company.

The "I'd rather go to jail, Boys" song of "Let George Do It" is not popular with the guardsmen. Following an order, giving the men ultimatum of either attending the preliminary inspection last night or serving their time in jail, over 10 men turned out and the preliminary inspection was passed with flying colors.

Captain A. E. Kidd on Wednesday night attended the inspection at Blairsville and took a number of hints as to what would constitute the inspection this year. The inspection will be along general lines for the greater part and the credit will be counted on the work of the company as a whole rather than detail or squad work.

All equipment for the inspection officer is ordered to be ready at the Armory not later than Sunday. At last night's drill the corporals were given squads to drill so that they will not be deficient in this branch at inspection. Major Farnsworth will arrive in town at 9.50 Monday morning and will proceed directly to the Armory where he will conduct the property inspection.

The regimental band was out in force last night. They have their equipment ready for the inspecting officer. The inspection of the Hospital Corps will not be held until February 17.

SEWER COMMITTEE APPROVES ESTIMATE ON HAZLETT SEWER

Also Hears Complaints About Gibson Avenue Sewer and Will Investigate.

At a meeting of the Sewer Committee last night, it was decided to approve the estimate made by Assistant Borough Engineer Hirst for purchasing the sewer belonging to W. A. Hazlett on the South Side. The estimate was handed to Council Tuesday and President Millard referred it to the committee. Action will be taken at the next meeting of Council. The estimate was $140.

The numerous complaints of the citizens in the vicinity of Gibson avenue have had their effect. They laid before the committee the fact that the sewer of the street was not large enough and that every time a heavy rain storm the street was flooded. The loss in property because of this, they say has amounted to several hundred dollars. The Sewer Committee will make a trip out to the street in the near future, ascertain the extent and the remedy for the evil.

T. W. CISSELL TO LEAVE; SCRIMGEOUR COMES HERE

Work on Federal Building Has Been at a Standstill For Over a Month Because of Bad Weather.

Work on the new Federal building has been at a standstill for over a month, or more accurately speaking, since January 4. Since that time aside from a little preparatory work, the building has not progressed. T. W. Cissell the contractor in charge for the W. H. Cissell Company expects to leave Connellsville the last of this month. He formerly had the intention of remaining until the work on the waterproofing was finished. Yesterday he received a communication from his firm at Washington, saying that John Scrimgeour would arrive in Connellsville the last of February and take charge of the work.

Mr. Cissell some time ago handed in his resignation to the company and when it goes into effect will start in the contracting business for himself. Mr. Scrimgeour had been in Connellsville once since the work on the government building was started. He was here for a few days last fall assisting Mr. Cissell in the work. He was later called away to New York City where he was employed on a big job there.

DECLARES HE WAS SANE WHEN HE KILLED SON

But In Spite of This Friends Hope to Save Life of Albert Reeves.

United Press Telegram.

LONDON, Feb. 9.—Over his own protest, friends of Albert Reeves, the atheist, who recently slew his infant son in order "to save him from machinery of modern industrial life" today petitioned the Home Office to commute the prisoner's death sentence.

Reeves made an extraordinary plea when he was taken before the court. Refusing the services of counsel, he calmly arose and said in a firm voice:

"Your Lordship, I am guilty. I am of perfectly sound mind and knew what I was doing. I realize the gravity of the charge, and I am ready to satisfy the law's demand. It is incumbent upon you to sentence me to death."

Adjusting the black cap the judge passed sentence as the prisoner requested. He expressed the hope, however, that the Home Office would inquire into the man's sanity.

STEEL STILL REQUIRES ITS PROTECTION, SAYS SCHWAB

Head of Big Independent Concern Will Quit Business If Duty Is Taken On.

WASHINGTON, Feb. 9.—Appearing before the Finance Committee of the Senate yesterday to protest against the House steel tariff measure, President Charles M. Schwab of the Bethlehem Steel Company, one of the largest independent concerns in the country, declared that a duty on steel was needed as badly today as ever. He stated the steel industry had not given an adequate return on the money invested for a number of years and while profits were good during prosperous times, they were offset by the losses during the years of depression.

Mr. Schwab stated if the proposed bill becomes a law he will dispose of his steel holdings and retire from that industry. Mr. Schwab declared the tariff was needed as a protection against the importations from Germany and cheap labor abroad.

SOMERSET JURIST HEARS FEE SUIT

Cumberland Attorneys Want $300 for Legal Services to Fechtig.

JUDGE REED STILL ON BENCH

Rumbaugh Company Claims Milling Concern Shipped Goods That Could Not be Sold Under the Pure Food Law and Refuses to Pay.

Special to The Courier.

SOMERSET, Feb. 9.—In Civil court today Judge Ruppel is presiding at the trial of the action in assumpsit of J. Phillip Roman and others, of Cumberland, Md., against Samuel C. Fechtig, of Wellersburg, brought to recover the sum of $300. The plaintiffs are Maryland attorneys and claim this amount for services in securing for the defendant a verdict in the Maryland Circuit Court for $1,176 in his suit against the Cumberland Lasin Coal Company, on May 9, 1906. Fechtig contends that before the trial he could have settled his case for $1,000, but the Cumberland lawyers urged him to go to trial and get more. He says the Maryland court set aside the verdict of $2,175 and ordered a new trial of his case, after which he contends that he settled for the original sum of $1,000 in order to save further costs and trouble, and because his lawyers advised him that the coal company he was suing was worth nothing and refused to have anything more to do with the case. The defendant sets up the additional defense that the plaintiffs' claim for a fee, if any they have, is nullified by the three-year Maryland statute of limitations, they having brought their suit to recover the fee more than three years after they rendered their services. The plaintiffs claim they had an agreement with the defendant under which they were to receive 30 per cent of the amount he recovered, and claim $300 of the $1,000 settlement.

In the suit of Mary C. Miller of Lincoln township, against Daniel E. Keller, of Somerset, involving a dispute over a trade of a team of horses for railroad ties, the latter being furnished by the plaintiff, a jury rendered a verdict for the defendant. The case was heard by Judge Ruppel. In Judge Reed's court a jury in the case of Frederick Fechtig against Norman Lepley returned a verdict for the defendant. Fechtig sued for $1,500, alleged to have been due for timber cut by the defendant on the plaintiff's land in Southampton township.

Judge Reed also heard the suit of the J. H. Rumbaugh Company against the White Oak Mill & Elevator Company, of Conemaugh township, an action to recover $17, for poultry and stock foods sold by the plaintiff and for which the defendant refused to pay. The defendant claimed the plaintiff, which is agent for the Acme Feed Company of Chicago, violated the contract between the parties and furnished merchandise which could not be sold under the pure food laws.

HAWLEY MILLIONS MAY BE FOUGHT OVER BY LAWYERS

Indications That Distribution of Railway Magnate's Wealthy May Be Contested.

United Press Telegram.

NEW YORK, Feb. 9.—Whether the Hawley millions will be peaceably distributed without a number of law suits was the question that today was troubling many of the men who were in life associated with the railway king.

Attorney Stanchfield's assertion that the estate would be divided in five portions for the principal heirs; that the latter would take care of the claims of their dependants, and that the estate would be administered so as not to interfere with the value of stocks and securities, takes no cognizance of certain claims.

Edwin Hawley Van Wyck, a grandson of the late financier, said today that he retained attorneys to protect his interests. Miss Margaret Cameron, a member of the Hawley household, known variously as niece and protegee of the bachelor millionaire, has also made it plain that she must be considered. Stanchfield says she has no claim against the estate; but she has retained a lawyer and says she expects to be taken care of.

Walter S. Crandall and William P. Hawley, nephews, and Frank H. Davis, Hawley's business partner, today qualified as administrators of the estate by filing a bond for $2,000,000. They announced that for the present the Hawley policies as planned by the dead man will be carried out.

TOKAR PUTS TIES ON TROLLEY TRACKS

Tries to Cause Wreck Because He was Put Off Car Near Leisenring.

MOTORMAN SAW OBSTRUCTION

Stopped the Car in Time to Prevent Accident and Tokar is Found in Neighborhood—Will Have Hearing Before Squire Buttermore.

Charged with unlawfully obstructing the tracks of the West Penn railways, John Tokar, a Slav, is in the police station serving a 18 hour sentence for being drunk and for a hearing before Squire P. M. Buttermore. Information was made last night. This morning Constable R. A. Smith read the warrant to the prisoner.

Tokar, it is said, was drunk. He boarded the car at Connellsville about 8.15 for Leisenring No 3, where he is employed as a coal digger. When Conductor J. P. Connelly asked for his fare, Tokar failed to produce and was put off the car at Eagle switch, on the Leisenring line.

According to the informant, Tokar trudged along the track to Eagle school house, near the switch, and when the car came back on its return trip, he piled up ties and other pieces of wood on the track.

Motorman Carl McCormick spied the obstruction in time, however, to prevent an accident. A search in the vicinity revealed Tokar. He was put on the car and brought to the police station.

Tokar is 28 years old and has worked at the Leisenring No 3 mine for 14 months. He has been in this country for three years and is single.

Santenyer Also Accuses Young Man Who Is Under Arrest at McKeesport.

Santenyer this morning made information, against Frederick Saus before Justice of the Peace Lawrence Donegan on two charges, one of stealing a pocket book containing from $100 to $140 and the other $10. Constable Rotter went to McKeesport to bring the man back. He is now in the McKeesport lockup on another charge.

Saus worked at the Slick mills and roomed on Water street. Welsh had gone into the washroom of the hotel before dinner last night and laid his pocketbook on a shelf. Saus was the only other person around. When Welch turned to get the pocketbook, it was gone and so was Saus. In the room time Saus, it is said, had gone down stairs and Santenyer had given him $10 to get changed. He disappeared with the $10 also.

He headed toward McKeesport and information was received here this morning that he was in the McKeesport jail on another charge. Constable Rotter will bring him to Connellsville this afternoon and a hearing will be held this evening at 7 o'clock.

BOTH TEAMS READY FOR BIG GAME THIS EVENING

All-Stars and Shoe Men Both Confident of An Easy Victory in Cage.

Both teams are confident of victory when they step into the cage at 7.30 this evening. Connellsville or Johnstown cut no figure tonight. The real contest is between the All-Stars and the shoe men. Robert Norris heads the All-Stars. He is not announcing any lineup, but gives a knowing look when questioned as to whom he will play.

The shoe men say they are not ashamed of their lineup. Clyde Downs and Charlie Crowley will play the forwards; March Sloan is scheduled to jump center, while Warren Wright and Harold Decker are the guards. Will Long and a few others will probably break into the game after the regulars get a safe lead.

Captain Norris has had some hard luck. Bill McClaren had a bad wrist and will be unable to get into the contest while Ross Matthews, the speedy forward of the All-Stars, hasn't time for basketball on this occasion. Norris says he will have his team there.

Incidentally it is rumored the bankers are to be interested spectators, intending to issue a challenge to the winners at some future date.

SETTLEMENT WOMAN TELLS "OTHER SIDE"

Describes Conditions of Steel Workers' Families to Stanley Committee.

HOW EARNINGS ARE EXPENDED

Committee Hears of "Conditions" the Woman Found at Homestead During the Winter of 1907-08—Refers to Foreign Labor.

United Press Telegram.

WASHINGTON, D. C., Feb. 9.—A graphic picture of the "other side" of the steel industry, a story of squalor in which she said that cheap foreign laborer lives and rears his family, was given to the Stanley investigating committee today by Miss M. F. Byington, a Pittsburg Social Survey worker. She related her experiences among the steel laborers at Homestead, Pa., during the winter of 1907-07.

"Down in the shadow of the clanging steel mills, in the smoke and grime and the hubbub, the tiny white haired Slavish children play their joyless games in filthy courtyards where sunshine seldom penetrates where thick black smoke hangs between the red walls," she said. "Old young, lient and diseased stricken women spend their days in crowded rooms that are windowless and unventilated. Three, four and even five people sleep in the same room. I have seen four double beds in a 12x14 room."

The witness showed tables representing the expenses of 90 families at Homestead kept by the housewives.

"My investigations have shown," she said "that it is impossible to maintain a normal standard of living on less than $15 a week. At present $65 per cent of the employes of the steel mills are day laborers paid about $10.50 a week. A family of a steel worker who received less than $12 spent his income as follows: Rent, $1.88; food $4.16; clothing $6.94; furniture 9 cents; fuel 38 cents, insurance 58 cents.

"The expenditure for rent," the witness said, "represents two small rooms, unsanitary court yard rooms, where the death rate was double the normal and where comfort was impossible."

Workers earning $20 a week class their expenditures as follows, according to Miss Byington's tables:

Rent, $3.73, food, $9.38; furniture, 80 cents; clothing, $3.36, fuel, 90 cents; insurance, $1.96; miscellaneous, $5.82.

TO ELECT CAPTAIN.

High School Football Team Will Soon Make Choice.

The election for a 1912 football captain for High School will be held early next week, probably Monday. The election has been delayed since the close of the season and the recovery of William Rogers, one of the team, who has been sick for the past month, has removed the only obstacle from holding the election. "Pat" Mosci is the only player in line for the captaincy. He has played four years on the team, making it in his Freshman year.

The football picture will be taken at an early date.

When Dr. J. S. Leonhardt, of Lincoln, Nebr., located the cause of piles and found a successful inward remedy for piles, he had it put on sale under strict guaranty of satisfaction. LEVINE MOVES.

D. C. Foltz Will Not Come to Connellsville as Rumored.

Max Levine will move in this week from his Main street store to the new store room in the McClenathan block on North Pittsburg street. The cases and cabinets will be moved in this week and it is expected that the store will be opened next week.

It was rumored around town that J. R. Foltz, the Dunbar undertaker, was going to take the vacant room and open an undertaking establishment here in Connellsville in connection with his Dunbar rooms. Mr. Foltz said that he had no intention of leaving his Dunbar field.

SOMEBODY IS SAVING MONEY.

THE substantial increase in the aggregate amount of savings throughout the country is an evidence that somebody is saving money. Are you sharing in the benefits that come from having a little ready money in the bank? Are you getting interest on your savings? Why not stop spending so much money and do a little saving yourself? The Citizens National Bank of Connellsville invites savings accounts in any amount, from one dollar upwards.

EAGLES CELEBRATE

Pool Experts Dined at the West Side Hotel.

The West Side Hotel was the scene of a jolly gathering of Eagles last evening, the occasion being the celebration of the victory of the expert pool players in a pool tournament among the Eagles. The tournament began November 9 and came to a close on last Saturday. A series of 200 games were played and the winning side was promised a banquet by the losers.

Last night they fulfilled their promise and royally treated their brother Eagles to a turkey supper with all the trimmings. The menu was served in excellent style and the one long table extending nearly the entire length of the diningroom of the hotel was loadened with all the delicacies of the season. A color scheme of pink and white was cleverly carried out. The crystal candle sticks were capped with pink shades. Carnations formed the floral decorations. The out of town guests were A. P. Turaney, J. D. Corcoran of Dawson and Howard Riley of Scottdale.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loves it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No *honest* dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

Even if you are not ready to take advantage of our big special offer just now, you'll want to do so later on Save this advertisement so you'll know just exactly what you can get. Tell your neighbors about it. They will be delighted.

Something New and Important

This is our first public announcement of a tremendous plan which we have been working on for months. It is a plan whereby we are actually going to give furniture to our customers absolutely free of all charge. Such a proposition coming from an ordinary store would seem important enough; but coming from a house which has enjoyed your perfect confidence for years, it takes on added importance which cannot be told in words. The plan is simple:---We are going to give you choice new furniture the value of which is limited only by the amount of other goods that you purchase of us. The more you buy, the finer and more costly will be the goods that we give you with our compliments. It's a straight business proposition, founded on true and sensible lines. Look at the partial list of free gifts and you will gain some idea of what this means to you. And remember the prices on our regular stocks are always the lowest that can be quoted. Nothing will be added to these prices---not a red cent. There will be no "string" to our offer, nothing but a clean, square, dignified deal all the way through. And it will apply to cash as well as credit purchases, don't forget that.

SOLITUDE.

By Isaacs of Yukon

Solitude is the plank on which a man slides from success into oblivion. It is the attic where a woman hides when she has to take a back seat at social functions.

Solitude and inflammatory rheumatism are both painful. Both will bow the back of the proudest soldier and prompt a millionaire to throw his money away.

It is difficult to tell when a man is looking glum whether he is afflicted with Solitude, indigestion or whether he has been lifting too heavily to remove a church debt.

Scientists, both Christian and Pagan, have been trying to build a cure for Solitude but they have failed as badly as Samson the strong man failed to play the fiddle, or as Joan of Arc failed to make flannel cakes.

The latest type of Solitude is used these days after a nomination. It has a wonderful influence then. It makes a man forget his old friends; it makes him refuse to pay the men who watched and waited at the polls for only $3 a head; it makes him stay at home from church to try to invent a kind of quiet, harmless religion; it makes him think fast how he can even-up with the "nigger in the wood pile."

Some great men have been afflicted with Solitude but they did not say anything about it. In this respect it is like death. There have been volumes written about near approaches of death but not one man has sent any word back how it feels to be dead ten thousand years.

Of course, there is such a thing as Solitude on half shell. This comes when a man is promised a fat political job and is switched off the main line and is given something he does not want. This kind of Solitude is painful while it lasts but it does not last long.

Then again we run across Solitude in our travels at most every hotel. Solitude in the bedrooms; Solitude in the offices and barrooms and Solitude at the dinner table. Have you ever been brought face to face with three white faced vulcanized, four-ply flannel cakes for breakfast, a cup of filtered coffee and diminutive chunks of meat and butter and tissue pieces of bread? That is hotel Solitude. Did you hear the cook sing as she handed out the grub: "Shall we gather at the river, where the surges cease to roll?" That is Solitude.

WEAK AND DISEASED HEARTS TREATED FREE

By the Great Specialist in Treating Weak and Diseased Hearts, Dr. Franklin Miles, M. D., LL. B.

Who Will Send $2.50 Worth of Special Treatment and Rare Book Free.

To prove the remarkable curative powers of his new Special Treatments for heart disease, short breath, pain in side, shoulder or arm, oppression, irregular pulse, palpitation, smothering, puffing of ankles, or dropsy, Dr. Miles sends free, to every afflicted person, a $2.50 treatment. The worst cases usually soon relieved.

These treatments are the result of 25 years' extensive research and remarkable success in treating various ailments of the heart, stomach and nerves, which often complicate each case. So astonishing are the results of his treatment that he offers all sick persons a two-pound Trial free. Our Book contains many remarkable cures. A few are given below.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. All afflicted persons should avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease. Many cured after 5 to 20 physicians had pronounced them "incurable."

Mr. W. J. Crites, Ludington, Mich., cured after four physicians failed. Mr. George See, Nevada, Ia., Mr. P. W. Kunyan, Spencer, Iowa, and Mrs. Emma Scheier, Maize, Kans., each cured after 3 physicians failed. Mrs. Joseph Wisler, Peru, Ind., cured after local doctor failed. Mrs. J. P. Baldwin, Mulberry Grove, Ill., cured after 6 failed. Cures from your State sent on request.

Send to Dr. Franklin Miles, Dept. A, 577 to 587 Main St., Elkhart, Ind., at once, for his Free Book, Examination Chart, Opinion, Advice and Free Treatment. Describe your disease.

SOLD BY UNION SUPPLY COMPANY STORES

Final Rummage Sales

During the First Two Weeks of February

The clearance sales at the Union Supply Company's stores during the month of January, assisted in creating business and was instrumental in affording thousands of people an opportunity to buy goods they needed at greatly reduced prices, resulting in money saved for us and money saving for the customer. Granting the goods were sold at less than actual value, it is money saving to us. Otherwise we would have to carry them over until next year, and they would depreciate more or less in value. It is money saving to the people because they actually want them, an absolute necessity, and an opportunity to buy at reduced prices.

Final Reduction and Rummage in the Shoe Department

During the month of January, our shoe sales reached an enormously high point. Weather conditions made a demand, the special cut prices assisted. The same conditions exist for the first two weeks of February. Remember, the goods we are closing out are strictly good, first class stock; EVERY PAIR GUARANTEED, and although they are odds and ends, if they are not exactly as we represent, your money will be refunded, or they will be replaced with another pair of shoes. The bargains in boy's shoes and girl's shoes are very attractive, very low in price, the real rock-about wear to school kind, sledding and skating suitable for the roughest wear. At the same time, they are neat and good looking. We have the same kind for men; same kind for women. It is a great bargain time; everybody can be suited.

DON'T BE NERVOUS AND RUN DOWN.

New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life.

If you are a sufferer from this all-too-common complaint, and cannot go a high priced sanitarium to have rest and diet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth-st., Milwaukee, Wis., concerning the remarkable new tonic "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected.

"She could hardly eat anything and would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had bad headaches and attacks of dizziness.

"I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold."

If you are debilitated and run down, above all things try "Tona Vita." You will never regret it, as it will build you up like magic. It is the finest preparation now on the market.

A. A. Clark has the agency for this great medicine in Connellsville. The price will be returned if it doesn't meet with your entire approval. The Approved Formula Co., Dayton, O.

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one-tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood, and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to Graham & Co. of Connellsville or S. A. Lowe & Co. of Scottdale today and get a bottle of Thompson's Daromin, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks, and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Daromin is guaranteed by Graham & Co. of Connellsville and S. A. Lowe & Co. of Scottdale to cure all diseases of the kidneys, liver and bladder, or money back. It is a wonderful tonic and blood purifier, and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and $1.00 a bottle. All druggists.

TERMS ARRANGED TO SUIT YOUR CONVENIENCE

THE GREAT CONSOLIDATED FEATHERMAN STORES ADOPT A DARING POLICY

The Result of Which Will Be Closely Watched by the Furniture Trade All Over the Country as the Featherman Furniture Co. is One of a Large Affiliated Chain of Stores.

Our readers in general and the retail furniture trade in particular will be much interested in the very daring policy adopted by the Featherman Furniture Co.

Were it not for the fact that Featherman's have made such a tremendous success in every town and city in which they do business, we should prophesy that they will not be able to exist on the margin of profit upon which they have planned to do business.

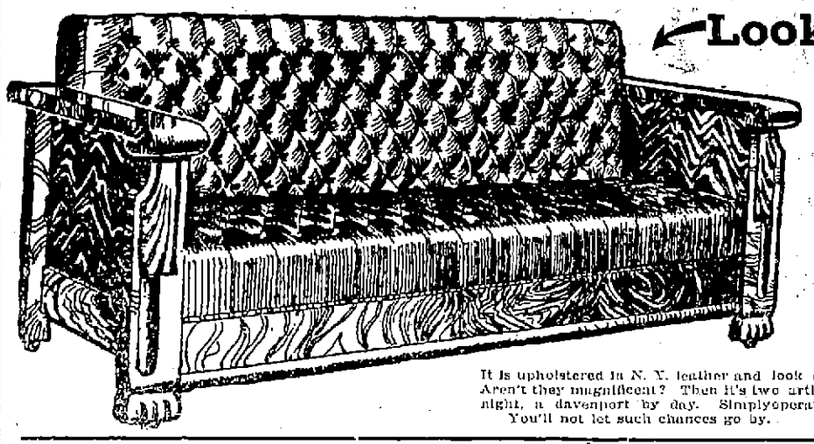

Their success so far proves that after all, it is the volume of business that counts; not the profit a man makes on a single sale, but the number of sales he makes.

Last year Featherman's did business on a margin of profit so small that their competitors were appalled.

Now, Featherman's threaten to cut this profit down still lower.

To test their new and daring policy they are starting great Re-Adjustment Sales. If they are able at these sales to do the volume of business they think they can do, they will cut furniture prices almost in two.

The people will get tremendous values at these sales so that Featherman's may find out how great a volume of business it is possible to do. With Featherman's buying power so tremendously great and their new policy in vogue the public will be able to buy goods in Featherman towns cheaper than the dealers.

FRECKLES

By

Gene Stratton-Porter

COPYRIGHT, 1904, BY DOUBLEDAY, PAGE & CO.

The Bird Woman and the angel arrived on time for the third of the series and found McLean on the line talking to Freckles. The boss was filled with enthusiasm over a marsh article of the Bird Woman's that he had just read. He begged to be allowed to accompany her into the swamp and watch the method by which she secured an illustration in such a location.

The Bird Woman explained to him that it was an easy matter with the subject she then had in hand, and as Little Chicken was too small to be frightened by him and large enough to be getting troublesome, she was glad of his company. They went to the chicken log together, leaving to the happy Freckles the care of the angel, who had brought her banjo and a roll of songs. The Bird Woman told them that they might go to Freckles' room and practice until she finished with Little Chicken, and then she and McLean would come to the concert.

It was almost three hours before they finished and came down the west trail. As they reached the bushes at the entrance the voice of the angel stopped them, for it was commanding and filled with much impatience.

"Freckles James Ross McLean," she was saying, "you fill me with dark blue despair! You're singing as if your voice was glass and liable to break at any minute. Why don't you sing as you did a week ago? You are a fraud! You led me to think that there was the making of a great singer in you, and now you are singing—do you know how badly you are singing?"

"Yis," said Freckles meekly. "I'm thinking I'm too happy to be singing well today. The music don't come right only when I'm lonesome and sad. The world's for being all sunshine at prisint, for among you and Mr. McLean and the Bird Woman I'm after being that happy that I can't keep me thoughts on the notes. It's more than sorry I am to be disappointing you. Play it over, and I'll be beginning again, and this time I'll hold hard."

"Well," said the angel, "it seems to me that if I had all the things to be proud of that you have I'd lift up my head and sing!"

"And what is it I've to be proud of, ma'am?" politely inquired Freckles.

"Why, a whole worldful of things," cried the angel explosively. "For one thing, you can be good and proud over the way you've kept the timber thieves out of this lease and the trust your father has in you. You can be proud over the way every one speaks of you. I heard a man say a few days ago that the Limberlost was full of disagreeable things—positive dangers, unhealthy as it could be, and that since the memory of the first settlers it has been a rendezvous for runaways, thieves and murderers. This swamp is named for a man that got here and wandered around 'till he starved. That man I was talking with said he wouldn't take your job for $1,000 a month—in fact, he said he wouldn't have it for any money, and you've never missed a day or lost a tree. Proud! Why, I should think you would just parade around about proper over that!

"And you can always be proud that you are born an Irishman. My father is Irish, and if you want to see him just get up and strut give him a teeny opening to enlarge on his race. He says that if the Irish had decent territory they'd lead the world. He says they've always been handicapped by lack of space and of fertile soil. He says if Ireland had been as big and fertile as Indiana, why, England wouldn't ever have had the upper hand. She'd just be a little appendage. Fancy England an appendage! He says Ireland has the finest orators and the keenest statesmen in Europe today, and when England wants to fight with whom does she fill her trenches? Irishmen, of course! Ireland has the greenest grass and trees, the finest stones and lakes, and they've jaunting cars. I don't know just exactly what they are, but Ireland has all there are anyway. They've a lot of great actors and a few singers, and there never was a sweeter poet than one of theirs. You should hear my father recite 'Dear Harp of My Country.' He does it this way."

The angel rose, made an elaborate old time bow and, holding up the banjo, recited in clipping feet and meter, with rhythmic swing and a touch of brogue:

"Dear harp of my country" (the angel ardently clasped the banjo), "In darkness I found thee" (she held it up to the light); "The cold chain of silence had hung o'er thee long" (she muted the strings with her rosy palm); "Then proudly, my own Irish harp, I unbound thee!" (she threw up her head and swept a ringing harmony), "And gave all thy chords to light, freedom and song!" (she crashed into the notes of the accompaniment she had been playing for Freckles).

"That's what you want to be thinking of!" she cried. "Not darkness and lonesomeness and sadness, but light, freedom and song.' I can't begin to think off hand of all the big, splendid things an Irishman has to be proud of, but whatever they are they are all yours and you are a part of them. I just despise that 'saddest when I sing' business. You can sing! Now you go over there and do it! I'm going to come down the aisle playing that accompaniment, and when I stop in front of you you sing!"

The angel's face wore an unusual flush. Her eyes were flashing, and she was palpitating with earnestness.

She parted the bushes and disappeared. Freckles, straight as a young pine and with the keenness of a war horse scenting battle, stood waiting. Presently, before he saw she was there, she was coming down the aisle toward him, playing compellingly, and rifts of light were touching her with golden glory. Freckles stood as if transfixed.

The blood rioted in his veins.

GAMES TONIGHT.
Johnstown at Connellsville
Uniontown at Charleroi

"Red" Geisler was at Uniontown and as a side line to one of the best games seen on the Uniontown floor Kid Dark and Andy Sears trailed the official's heels and protested at every decision he made. The Cokers swung it all over Uniontown on field goals but Geisler was brick shy and called ten more fouls on Connellsville than on Uniontown. Uniontown got 28 points from fouls while Connellsville got 19 and therein lies the tale.

The game was a see-saw affair throughout. Uniontown leading and then the Cokers forging to the front. Bill Powell, after his brief session on Wednesday against the Fairmont team was again indisposed and Charlie O'Donnell jumped the center.

Kummer was the one bright star for the locals. With Morris playing a blanket game Billy managed to slip four through the net several of which were on the sensational order. Andy Sears and Swenson played their guard-forward team work and it resulted in three baskets for them. The first half ended 15-11 in favor of the home team. The lineup:

Uniontown 36		Connellsville 31
Swenson	right forward	Dark
Beggio	left forward	Kummer
O'Donnell	center	Cavanaugh
Sears	right guard	Doherty
Morris	left guard	Beggs

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Instant Relief for Indigestion 15c

Dyspepsia, Gas, Acid Stomach, Heartburn or any stomach ailment disappears as soon as KLEIN'S CHARCO-PEPSIN tablet is dissolved in your stomach!

Stomach specialists all over the world prescribe KLEIN'S CHARCO-PEPSIN tablets because they are guaranteed to contain Willow Charcoal, Sach Pepsin, Bismuth, Mag[nesia], Ginger and other valuable ingredients.

Your doctor recommends KLEIN'S CHARCO-PEPSIN tablets because they keep your stomach in grand shape no matter what ails you—dizziness, stomach headache, bad breath, spotty skin, lack of energy, blue discouraged feeling—all due to an out-of-order stomach.

Mrs. C. Ware, Hyde Park, N. Y., says: "The slightest thing upset my stomach. I dared not eat even fresh bread. I took one 15c box of your Charco-Pepsin tablets and now can eat pies, lobsters, pickles, hot rolls and the most indigestible food without the slightest discomfort."

You have never tried anything like them. It is the new stomach treatment adopted by the leading specialists. The charcoal filters the impurities from the blood and creates copious gastric juices. The Bismuth removes all extraneous coatings from the walls of the stomach, the Pepsin in each each tablet will digest a meal, the Magnesia neutralizes the acid and has a mild laxative effect and the Ginger acts as a fine tonic. Nothing harmful. Children can eat them by the dozen. Taste like candy.

Supplied FREE to hospitals, poor people and charitable institutions.

KLEIN LABORATORIES, 85 Franklin St., New York.

AFTER GRIP

How Strength May Be Recovered.

So many people are asking how to recover their strength after the grip that we are publishing this information for their benefit.

After grip, pleurisy, pneumonia or any exhausting illness what you need is new strength and better blood.

The most certain way to get this is by using our delicious cod liver and iron preparation without oil called Vinol. It positively does create strength, make the blood rich, sharpen the appetite and increase vitality.

Miss Hattie Lims of Queensbury, N. Y., says: "Last spring I had a hard case of la grippe and was very slow about getting over it. I was almost discouraged. Vinol was recommended to me and I began taking it. Now it has done me so much good that I must tell you about it for I have regained my strength and appetite and feel well again."

Try Vinol with the understanding that if it does not benefit you we will give back your money. Graham & Company, Druggists, Connellsville, Pa.

Notes.

Geisler had his nerve to come right back to the Coke region after his exhibition here the other night.

Johnstown gets us tonight after that hard battle up at Uniontown. Joe Fogarty made 11 field goals last night. Come on Billy Kummer and show that up.

The game at Johnstown either must have been a ladies affair or Referee Roach must have been suffering from total blindness. He called 6 misplays on South Side and 9 on Johnstown.

Gene Demontreville, the former Boston-Pittsburg star, will once more don the spangles and lead the Cotton States league team that is to be placed in New Orleans.

The Johnstown game tonight will be a side issue. The real game starts at 7:30 when the shoe men and Bob Norris' All-Stars clash. Both sides are confident but the All-Stars have several men on the hospital list. The game will be played however and it behooves the fans to get there early. The game promises to be even more interesting than that between the Fats and Leans last season.
